Can't access Wine Enthusiast's online Buying Guide? Or maybe the wine you're trying to look up isn't among the more than 85,000 reviews located there? (Hey, it happens.) Check our latest vintage chart to get an idea of what to expect. Although our expert reviewers base these ratings and maturity estimates on their vast tasting experience and interviews with local winemakers, we can't guarantee every wine will live up to or down to the broad generalizations the ratings and maturity estimates for the world's wines. The rule of thumb applies particularly to purchasers of old wines.
